

Heavy Duty Housing Filters

Features

- Designed & manufactured using proven quality methods
- Reinforced polypropylene
- Designed to provide superior strength & seal
- Designed for high flow rates with minimal pressure drop
- Chemical-resistant
- Pressure Relief Valve
- WQA Certified for materials safety and structural integrity

Applications

- Residential, Commercial & Industrial – RO System, Ice Machine, Misting Unit, Food Service, Beverage, etc.

Specifications

- Pressure drop of less than 1 psi @ 10 gpm
- Maximum Pressure 100 psi or 6.9 bar
- Maximum Temperature 100°F or 37.7°C

Materials

- Housing – Polypropylene
- Cap – Polypropylene
- O-Ring – Buna-N

Warning: Use only with microbiologically safe water.

Tested and Certified by Water Quality Association (WQA) to NSF/ANSI Standard 42 for material safety and structural integrity.

HEAVY DUTY HOUSING FILTERS

Cap Detail

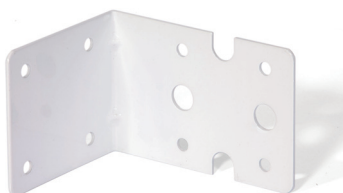

Part #	Size	Color (Cap/Sump)	Port*
HH41KB10NPR	4.5" x 10"	Black/Blue	1" NPT
HH42KB10NPR	4.5" x 20"	Black/Blue	1" NPT
HH41KB34NPR	4.5" x 10"	Black/Blue	3/4" NPT
HH42KB34NPR	4.5" x 20"	Black/Blue	3/4" NPT
HH41KB10BPR	4.5" x 10"	Black/Blue	1" BSPP
HH42KB10BPR	4.5" x 20"	Black/Blue	1" BSPP

*Note: BSPP available upon request

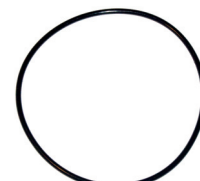

Accessories

Wrench – ACCH40WREN

Bracket – ACCH40BRAC
Recommended Screw:
5/16 x 1" Hex Head Stainless Steel

O-Ring – ACCH40RING

HH41KB10NPR
